## **PRESIDENT'S MESSAGE: A NEW ERA**

It's an exciting time to be a Republican. We have the opportunity and capability to contact our Senators and Representatives instantly and at will. The economy is booming. Our Club's beginnings are truly rooted in the new electronic age. Our generation has seen the flood of increased communication through the Personal Computer. Twenty-five years ago, PC's had just come on the market, and nearly none of us had one. And what was the Internet, pray tell!! My first PC had 640 K of memory. It was a fabulous word processor, but nothing else. Today, because of our progress in electronic communication, we are able to dispense with the high cost of printing and mailing our newsletter. Suzanne, Pauline and I have been rocketing back and forth, putting this our, Inaugural Issue, together for you. Hooray! Each month, our newsletter, will tell the world who we are and what we stand for. This electronic document can be forwarded everywhere and anywhere, as each of us pleases. Print it out and hand it to a friend. Mail it to someone you know who needs a brighter day. Send us your ideas and contributions for the newsletter, as we build our public persona. City Council elections are upon us already, and next year holds the opportunity to built a strong foundation of committed Republicans, bearing fruit as we involve ourselves in maintaining a free and safe United States of America. As the old generation fades away, the younger generations will find uses of electronic media in ways that we can only imagine. It's not your Great-Grandma's world anymore.
